VORTECX™ ARMORCOIL Aircoils with Brass Handles

ARMORCOIL
VORTECX™

• **VORTECX™** features a unique polyurethane covered Armor Coated tubing that is rugged, abrasion and cut resistant. Made of premium virgin nylon constructed tubing.

• Unique manufacturing process ensures outer jacket maintains permanent bond with inner tubing

• **TECTRAN's** Anti-Sag and Stretch manufacturing & coiling process

• Exceeds DOT FMVSS 106/SAE J844 requirements

• Brass handles on trailer leads provide tubing protection during gladhand connections

• Tubing mates with brass fitting inside the handle

• **LIFESwivel™** - A live swivel design featuring all brass construction to eliminate corrosion

• Double O-ring leak-free "Life" design

• Quick & easy single wrench installations

• Spring guards closed coils extend well past 2" from fitting, exceeding DOT regulations

- -85°F extreme cold flexibility rating
- Tube O.D. - 1/2"
- Tractor Fitting Thread - 1/2" **LIFESwivel™** live swivel (Patent Pending)
- Brass handle thread - 1/2"
- 3 year limited warranty

ARMORFLEX-HD™ - Aircoils with Armor Tubing

Upgrade your aircoils to the **ARMORFLEX-HD™** featuring **TECTRAN's** unique double jacketed tubing design which substantially lowers operating and cold flexibility ratings to -85°F. **ARMORFLEX-HD™** has all of the same great design features of the **VORTECX™** with the upgraded **FLEXGrip-HD™** design (Patent Pending).

The ultimate industry solution to combat aircoil kinking! The use of coils with **FLEXGrip-HD™** dramatically reduce the number of road service calls, saving money and keeping equipment on the road.
